SCHOOL BOARD'S REPORT

To the Citizens of Salisbury:

During the past year the School Department has re-decorated the South Road School room. In connection with this we wish to express our sincere thanks to Mr. and Mrs. Charles S. Cornwell for the gift of an upright piano. To the men at the Kearsarge Telephone Company we say thanks for moving the piano to the school.

At the Heights School we installed second-hand desks and are pleased to find that the boys and girls under Mrs. Kenevel's supervision have refinished these desks in their spare time and have done an excellent job. The old desks have been taken apart and the iron work is to be sold and the wood used for shelves at the school. Mrs. Cornwell asked for a few of the old desks and we felt in consideration of the gift of the piano she was more than entitled to them.

Also at the Heights School new toilets were installed and the outside of the building painted.

Because we have been unable to secure capable and trustworthy janitors at both schools and no bids for wood have been forthcoming the past few years we installed oil burners and find they have given more uniform temperatures. We believe the oil will cost no more and maybe less.

The budget for 1947-1948 necessarily shows an increase due to an increase in costs of materials and supplies of about 40%. We have more pupils attending elementary schools and more than ever attending high schools and this accounts for the increase in high school tuition as well as the rates being jumped.

The item of Health Supervision is set by the State Board of Education depending on the number of towns in the nurse's district. This District has one less town than in past years and the nurse is asking for an increase in salary.

Bids for transportation are going up every year and the routes are just as many and as far as in past years with more pupils to be transported than in late years due to mills moving in and out of town and new families.

Teachers' salaries have gone up everywhere and the State Board of Education is setting a minimum of \$1500 per teacher without a certificate and \$1800 per teacher who holds a degree. We feel we are very fortunate in having two exceptionally fine teachers and are anxious to keep them with us. Teachers that are graduating from the normal schools this June are asking a minimum of \$1800 and will not accept positions in rural schools.

Under the item of other obligations, we must pay, by State Law, to the Teachers' Retirement Board 5% (maybe 6%) of the salary of any teacher who belongs to this group; we have one such teacher. This item also includes Administration expenses for your School District and Salisbury's share of a clerk and expenses in the superintendent's office at Penacook.

We wish to express our sincere thanks to all who have helped in the programs and entertainments. Also to Mrs. George Beaulieu who has given two afternoons each week to accompany the children at the piano, and who has helped so much with the music at the South Road School.
